UNIVERSITY OF ILLINOIS AT URBANA-CHAMPAIGN
STUDENT CHAPTER

Dear Potential Sponsor,

Women in CyberSecurity (WiCyS) is UIUC's very own student chapter of the national organization dedicated to bringing together women in cybersecurity from academia, research and industry to share knowledge, experience, networking and mentoring. Our organization provides resources for women interested in cybersecurity through tech talks, workshops, networking opportunities, research, conferences, and leadership opportunities. Every year, members are given the opportunity to attend the annual WiCyS National Conference and network with companies and fellow students passionate about the field of cybersecurity. We aim to provide a supportive community to women in all stages of their pursuit of a cybersecurity career.

As a sponsor, you will have an opportunity to present your brand and work with a talented and diverse group of students to learn more about the latest innovations in the field of cybersecurity. We will work with you to create valuable experiences for our members.

If you have any questions or concerns, please reach out to us at wicys.illinois@gmail.com. We look forward to working with you this year.

Best,

Michaela Briones | President

Madison Lee | Vice President

WiCyS at Illinois 2026-2027
